

Research Institute of
Petroleum Industry

JOURNAL OF PETROLEUM SCIENCE AND TECHNOLOGY

Director in Charge

Vahid Haddadi-Asl

ISSN: 2251-659X

Editor in Chief

Vahid Haddadi-Asl

Vol. 3, No. 1, 2013

Editor

Ali-Akbar Safekordi

Accredited by the Ministry of Science, Research, and Technology

Accreditation Number: 1922557

Associate Editor

Mohammad Najafi

Accredited on: April 17, 2013

Accreditation Period: April 2011 to April 2015

Editorial Board

- H. R. Aghabozorg, Associate Professor of Chemistry at Research Institute of Petroleum Industry
H. Arabi, Associate Professor of Polymer Engineering at Iran Polymer and Petrochemical Institute
D. Bastani, Professor of Chemical Engineering at Sharif University of Technology
V. Haddadi-Asl, Professor of Polymer Engineering at Amirkabir University of Technology
M. R. Jafari Nasr, Associate Professor of Chemical Engineering at Research Institute of Petroleum Industry
M. Jamialahmadi, Professor of Petroleum Engineering at Ahwaz Petroleum University of Technology
M. R. Kamali, Associate Professor of Petroleum Geology and Geochemistry at Research Institute of Petroleum Industry
M. Masihi, Associate Professor of Petroleum Engineering at Sharif University of Technology
H. Modares, Professor of Chemical Engineering at Amirkabir University of Technology
M. Mohammadzadeh Attar, Associate Professor of Color Engineering at Amirkabir University of Technology
S. R. Mousavi Harami, Professor of Petroleum Geophysics at Ferdowsi University of Mashhad
D. Mowla, Professor of Chemical Engineering at Shiraz University
M. Nasr Esfahany, Professor of Chemical Engineering at Isfahan University of Technology
M. Nekoomanesh, Professor of Polymer Chemistry at Iran Polymer and Petrochemical Institute
M. R. Omidkhah, Professor of Chemical Engineering at Tarbiat Modares University
F. Rashidi, Professor of Petroleum and Gas Engineering at Amirkabir University of Technology
A. A. Safekordi, Professor of Chemical Engineering at Sharif University of Technology
J. Towfighi, Professor of Chemical Engineering at Tarbiat Modares University
E. Vasheghani Farahani, Professor of Biopolymer Engineering at Tarbiat Modares University
M. Vosoughi, Professor of Biochemical Engineering at Sharif University of Technology
Sh. Vosoughi, Professor of Petroleum Engineering at Kansas University

Typesetting Team

M. Khazraeyan Vafadar
N. Deldar
T. Moradian
P. Nouri

JOURNAL OF PETROLEUM SCIENCE AND TECHNOLOGY

Vol. 3, No. 1, 2013

ISSN: 2251-659X

TABLE OF CONTENTS

An Experimental Investigation on Improving the Medium and Late-age Compressive Strengths of Class G Oil Well Cement	01-07
A. Allahverdi, E. Najafi Kani, and S. Soltani	
Application of Evolutionary Polynomial Regression in Ultrafiltration Systems Considering the Effect of Different Parameters on Oily Wastewater Treatment	09-19
A. Reyhani, M. Hemmati, F. Rekabdar, and M. Ahmadi	
Development of a Pellet Scale Model for Trickle bed Reactor Using CFD Techniques	21-30
M. Bazmi, S. H. Hashemabadi, and M. Bayat	
A New Cement Additive to Improve the Physical Properties of Oil Well Cement and to Enhance Zonal Isolation	31-38
H. Soltanian, A. Khojastefar, and G. A. Sobhi	
Fabrication and Electrocatalytic Application of Ni-Modified Electrode toward Detection of Paracetamol	39-49
M. Deghani Mobarake, L. Samiee, and R. Karami	
An Investigation into the Physical Properties of Polyethylene Gas Pipes by the Incorporation of Anti-rodent Masterbatches	51-59
A. Nalbandi and H. Hossein Khanli	
Effect of Operating Conditions on the Dehydration of Toluene by Pervaporation Using a Polyvinyl Alcohol Membrane	61-66
G. Khatinzadeh, M. Mahdyarfar, and A. Mehdizadeh	
A New Gas Diffusion Electrode (GDE) with a Better O₂ Reduction Electrocatalysts with Very Low Pt Contents via Nano-sized Pt-coated Nafion	67-72
M. Deghani Mobarake and R. Karami
